No, Sir, Every year, the total requirements of rawmaterial for various Carpet training Centres all over the country are assessed and indents are placed with various suppliers/manufacturers in the Public Sector or Private Mills after inviting open tenders to ensure regular supply of Cotton/Woollen Yarn to the Training Centres and thus no centre is allowed to be closed down for want of raw materials. However, in the case of any temporary shortages of raw material in any centre, the same is arranged from the neighbouring units or Filed Administrative Cells or Central Storage Units. Thus the supply of raw-material to Carpet Training Centres throughout the country is maintained on regular basis.
